Our agency has worked hard on improving our management functions. Our latest PIC percent reported was 101.92%. According to Melinda Cade, PIC Coach/MTCSC Coordinator – Kansas City) this is a good score. We have shortened the time between receiving a ‘Request for Tenancy Approval’ and unit inspection. We requested that HUD perform a Random Digit Dialing Survey of our area because we felt that the FMR’s were too low. HUD performed the survey and our FMR’s increased by an average of over \$100 per bedroom size. This has allowed us to increase our current payment standard and has given us the capacity for future increases if we feel they are necessary. This will allow us to increase and upgrade our housing stock which will give our voucher holders more choices where to live and better units in which to live. Our staff has become personally active in our Resident Advisory Board meetings in hopes of helping them become more active in the community. Our staff has attended homeownership training and we are currently assessing the feasibility of a homeownership program.

one of four consortium meetings. Our office is still looking into the possibility of a homeownership program. The more we find out about a homeownership program the more we realize that we will need a lot of community involvement and cooperation from other agencies to make it feasible. With the current workload of our agency the addition of a homeownership program would logically require the addition of at least a part time staff person. But there are no funds for an additional staff person at this time.

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

Become more pro-active in recruiting new owners and landlords to work with our clients. With our increased payment standards our voucher holders have many more units that they can rent as long as the owners will work with our office.

Proposed Use of Project -Based Vouchers

The Jackson County Public Housing Agency intends to offer project -based vouchers to be utilized in an elderly complex in the city limits of Sylva. This is consistent with our goal of increasing and upgrading the housing stock available to our voucher holders. The rental market in Jackson County is extremely tight. Our office currently averages less than 2 rental units per owner. If we can secure units in the city limits (close to services and amenities), this would give our elderly voucher holders choices that they do not currently have.
